EPIPEN / INHALER / MEDICATION

We recommend that your child carry their Epi-Pen, Inhaler, or important medication with them at all times and have access to a current prescription. This is to help ensure that the student has access to their medication at all times.

COMMUTER STUDENTS DISREGARD- OFF-CAMPUS STAY AND AUTOMOBILE PERMISSION FORMS (Available in SchoolDoc):

Off-Campus Stay and Automobile Permission Forms

- It is essential that your parent/guardian grant permission if you are planning to be off-campus overnight or if you will be riding in the vehicle of someone who is not your parent/guardian.
- Permission is requested when your parent/guardian submits the appropriate permission form in SchoolDoc at least 24 hours in advance of your departure. Both forms are available via SchoolDoc.
- The Off-Campus Stay Form: If student will be away from campus overnight • The Automobile Permission Form: If students are riding in a vehicle with someone other than a parent/guardian. 15
- Parents and guardians may only grant consent for their own child. If another CPP participant will accompany the student, his or her parent/guardian must also complete the Off-Campus Stay Form and/or Automobile Permission Form in SchoolDoc.
- Telephone or email messages from parents, guardians, friends, or siblings are not sufficient.
- Not only does this help to avoid confusion at the nightly check-in, but it is also for your own safety.
- Since you will only be on campus for two weeks, you may request an evening away from CPP, but only under exceptional circumstances.
