## Adding Top/Featured Images to Pages

To add a top/featured image to one of your pages, you will need to select "Edit" for the page you want to insert a top/featured image on.

<b>D</b> ivi	Hero Image	Set Featured & He	ero Image	
Subscriptions		An image to be disp	layed in the hero banner (must be at le	east 1440x420 px). This is
Collapse menu		the same as satting	and reaction image for this content.	

2. Then, simply hit the "Set Featured & Hero Image" button to access the "Featured image" upload window. Please make sure your header image is 1440 x 420 px before inserting it.

Hero Banner	~ ~ *
Subtitle	Hero Banner Subtitle Text that appears above the title in the hero banner.
Hero Image	Set Featured & Hero Image An image to be displayed in the hero banner (must be at least 1440x420 px). This is the same as setting the featured image for this content.

- 3. Now drag and drop the selected image into the selection area or add it from your media library by clicking the "**Select Files**" button.
- 4. Then click the blue button that says "**Set Featured Image**" marked in the image below. Clicking this will take you back to the page you were on.

**Remember:** *Please make sure that your header image is 1440 x 420 px before inserting it.*
