

Immunotherapy Assessment Core (IAC) / Translational & Experimental
Skin Testing & Immune Tracing (TEST-IT) Core Presents:

IMMUNE ASSESSMENT SEMINAR SERIES

Automated Single Cell & Bulk Cytokine Profiling by IsoPlexis

September 23rd, 2020, Wednesday, 11:00 AM to Noon

[+Add to Calendar](#) [Zoom Link](#)

IAC/TEST-IT core facility are hosting a monthly seminar series to highlight technologies available to you in the core. This month, **Matthew Kotlajich, Ph.D** and **Shaye Hagler, Ph.D** will speak about IsoPlexis' automated suite for multiplex single cell functional proteomics using the *IsoLight* and *IsoSpeak* platform that is available in the core. We will also present data generated in the core facility.

Matthew Kotlajich, Ph.D

Shaye Hagler, Ph.D
