Using Social Media in a Research Office

A NURAP AT NOON EVENT

Twitter and blogging provide a different way to communicating with researches and other research administration colleagues. In this talk Jonathan will provide examples of:

- How to find a supportive personal learning network on Twitter
- How to use blogging to discuss topics that don’t come up in the research office
- How blogging and Twitter can provide a professional development space

Jonathan O’Donnell
Research Administrator
RMIT University, Melbourne Australia
